POLITICAL APPEALS

Address Issued by the Three Free Silver Parties.

AGAINST THE GOLD STANDARD

Democrats, Populists an I Silver Republicans Asked to Unite Against Their Common Enemy-Financial Issue the One of Paramount Importance to the People.

WASHINGTON, Feb. 16 .- The address on behalf of the Democratic, Populist and Silver Republican parties which are the result of the conferences which have been in progress among the leaders of these parties at the capitol for the past few weeks, were issued yesterday.

They seek to unite the members of the three parties in future elections, upon the financial issue as the question of paramount importance and are separate appeals to each of the parties to consolidate all along the lines for this purpose. The address is signed by the national chairman of the three parties.

DEMOCRATIC APPEAL.

All Men Asked to Stand Together For Liberty and Humanity.

The Democratic address is in part as follows: "The surrender of the Republican party to the advocates of the gold standard and monopoly is at last complete. The present administration, called to power upon the solemn pledge of the Republican national convention at St. Louis to promote bimetallism, has formulated and sent to congress a bill, the leading purpose of which, the honorable secretary of the treasury avows, is 'to commit the country more thoroughly to the gold standard.' The country has already for 24 years been so thoroughly committed to this standard, partly by law and partly by the usurpations of the executive branch of the government, that its effects are seen and felt on every hand; wages are reduced, work is harder to get, the weight of debt is doubled, the value of land and other property is reduced one-half or more, until the lives of the people 'are bitter with hard bondage.' It is certainly not in the interest of humanity to have this condition of things more thoroughly established."

"In addition to this purpose of more thoroughly establishing the gold standard, the plan of the administration is to retire the paper money of the government, to issue gold bonds and to increase the power, priveleges and profits nai banks.

"The retirement of the government paper money must reduce the volume of circulation, and while the secretary admits that the contraction of the currency would be more ruinous in two years than interest on a like amount of bonds for 40 years would be, he calmly informs us that the national banks will probably issue sufficient money to prevent this enormous suffering.

"The issue is joined; we cannot avoid it if we would. Either the friends of bimetallism or the advocates of the gold standard, trusts and monopolies must succeed. Who is not for us is against

"We are asking no man to abandon his party or change his politics, we ask no one to yield any principles; but in this great contest, we do appeal to all good men to stand solidly together for liberty and humanity, and strike down forever this conspiracy of gold and monopoly."

POPULIST ADDRESS.

An Appeal For the Uniting of all Parties Opposed to Gold Standard.

The Populist address after arraigning the present administration for following in the footsteps of that of Cleve-

The Silver Republican paper denounces the gold standard and monopoly and says the advocates of the system "need to win but one more victory to become supreme," and then con-

Democrats, Populists and Silver Republicans must stand shoulder to shoulder in a common cause. "The policy of our foes is to divide us

that they may conquer us. Let not self interest, pride, carelessness or folly afford them hope that we shall furnish arms against ourselves.

"The man or organization that in this grave crisis becomes responsible for discordant councils or divided energies does not deserve the blessings we are all striving to preserve."

At this time there are a few democrats frank enough to admit that they in the legislature. A. N. Munden, of Seymour, would like to be the nominee of his party for that honor and says so, but some of his democratic neighbors are against him. They don't question his 16 to 1 democracy, nor his ability to rank with the average d mocrat who will be in the lower house, but for some reason some active men in his own party are against him. Then George Andy Robertson would like to keep a chair warm in the legislature, and seems a willing subject in the hands of his friends He will be able to divide the vote right here at home with Munden and get his full share. Judge Applewhite, while only a receptive candida'e, may conclude to yield to the pressure, and consent for his friends to make active campaign for him.

Miss Mahala Jones is sinking very fast and no hope of her recovery. Her daughter was telegraphed for and ar-

Miraculous Benefit CAPTAINW. T. HAVENS

Dr. Miles' New Heart Cure.

LI P. BABCOCK, of Avoca, N. Y., a veteran of the 2rd N. Y. Artillery and for thirty years of the Babcock & Munsel Carriage Co., of Auburn, says: "I write to express my gratitude for the miraclous benefit received from Dr. Miles' Heart Cure. I suffered for years, as result of army life, from sciatica which affected my heart in the worst form, my limbs swelled from the ankles up. I bloated until I was unable to button my clothing; had sharp pains about the heart, smothering spells and shortness of breath. For three months I was unable to lie down, and all the sleep I got was in an arm chair. I was treated by the best doctors but gradually grew worse. About a year ago I commenced taking Dr. Miles' New Heart Cure and it saved my life as if by a miracie."

POLITICAL APPEALS

Address Issued by the Three Free Silver Parties.

AGAINST THE GOLD STANDARD

Democrats, Populists and Silver Republicans Asked to Unite Against Their Common Enemy-Financial Issue the One of Paramount Importance to the People.

WASHINGTON, Feb. 16.-The address on behalf of the Democratic, Populist and Silver Republican parties which are the result of the conferences which have been in progress among the leaders of these parties at the capitol for the past few weeks, were issued yesterday.

They seek to unite the members of the three parties in future elections, upon the financial issue as the question of paramount importance and are separate appeals to each of the parties to consolidate all along the lines for this purpose. The address is signed by the national chairman of the three parties.

DEMOCRATIC APPEAL.

All Men Asked to Stand Together For

Liberty and Humanity. The Democratic address is in part as follows: "The surrender of the Republican party to the advocates of the gold standard and monopoly is at last complete. The present administration, called to power upon the solemn pledge of the Republican national convention at St. Louis to promote bimetallism, has formulated and sent to congress a bill, the leading purpose of which, the honorable secretary of the treasury avows, is 'to commit the country more thoroughly to the gold standard.' The country has already for 24 years been so thoroughly committed to this standard, nation, if opposed to every kind of trust partly by law and partly by the usurpations of the executive branch of the government, that its effects are seen and felt on every hand; wages are reduced, work is harder to get, the weight of in a common cause. debt is doubled, the value of land and other property is reduced one-half or

"In addition to this purpose of more thoroughly establishing the gold standard, the plan of the administration is to retire the paper money of the government, to issue gold bonds and to increase the power, priveleges and profits of national banks.

more, until the lives of the people 'are

bitter with hard bondage.' It is cer-

tainly not in the interest of humanity

to have this condition of things more

thoroughly established."

"The retirement of the government paper money must reduce the volume of circulation, and while the secretary admits that the contraction of the currency would be more ruinous in two years than interest on a like amount of bonds for 40 years would be, he calmly informs us that the national banks will probably issue sufficient money to prevent this enormous suffering.

"The issue is joined; we cannot avoid it if we would. Either the friends of bimetallism or the advocates of the gold standard, trusts and monopolies must succeed. Who is not for us is against

"We are asking no man to abandon his party or change his politics; we ask no one to yield any principles; but in this great contest, we do appeal to all good men to stand solidly together for liberty and humanity, and strike down forever this conspiracy of gold and monopoly."

POPULIST ADDRESS.

An Appeal For the Uniting of all Parties Opposed to Gold Standard. The Populist address after arraiguing the present administration for following in the footsteps of that of Cleve-

and serious break-down follows.

A wonderful medicine for weak, nervous women, who through local troubles are threatened with a general break-down is Dr. Pierce's Favorite Prescription. It acts directly on the delicate organs that are distinctly feminine. It restores them to vigor and health. It allays inflammation and soothes pain. It gives the tortured nerves a rest and permits them to resume their natural function of directing a healthy activity of all the organs. It prepares a woman for wifehood and motherhood. It makes baby's advent easy and almost paintess and insures the child's health. It is the best woman's medicine and more than 90,000 women have said so over their signatures. "I cannot say too much for Dr. Pierce's l'avorite Prescription," writes Miss Clara Baird, of
Bridgeport, Montgomery Co., Pa. "I feel it my
duty to say to all women who may be suffering
from any weakness or disease of the distinctly
feminine organism that it is the best medicine on
earth for them to use. I cannot praise it too
highly for the good it did me. If any one doubts
this give them my name and address."

I suffered for years, as result of army life, from sciatica which affected my heart in the worst form, my limbs swelled from the ankles up. I bloated until I was unable to button my clothing; had sharp pains about the heart, smothering spells and shortness of breath. For three months I was unable to lie down, and all the sleep I got was in an arm chair. I was treated by the best doctors but gradually grew worse. POLITICAL APPEALS

Address Issued by the Three Free Silver Parties.

AGAINST THE GOLD STANDARD

Democrats, Populists an l Silver Republicans Asked to Unite Against Their Common Enemy-Financial Issue the One of Paramogut Importance to the People.

Washington, Feb. 16.-The address on behalf of the Democratic, Populist and Silver Republican parties which are the result of the conferences which have been in progress among the leaders of these parties at the capitol for the past few weeks, were issued yesterday.

They seek to unite the members of the three parties in future elections, upon the financial issue as the question of paramount importance and are separate appeals to each of the parties to consolidate all along the lines for this purpose. The address is signed by the national chairman of the three parties.

DEMOCRATIC APPEAL.

All Men Asked to Stand Together For Liberty and Humanity.

The Democratic address is in part as follows: "The surrender of the Republican party to the advocates of the gold standard and monopoly is at last complete. The present administration, called to power upon the solemn pledge of the Republican national convention at St. Louis to promote bimetallism, has formulated and sent to congress a bill, the leading purpose of which, the honorable secretary of the treasury avows, is 'to commit the country more thoroughly to the gold standard.' The country has already for 24 years been so thoroughly committed to this standard, partly by law and partly by the usurpations of the executive branch of the government, that its effects are seen and felt on every hand; wages are reduced, work is harder to get, the weight of debt is doubled, the value of land and other property is reduced one-half or more, until the lives of the people 'are bitter with hard bondage.' It is certainly not in the interest of humanity to have this condition of things more

"In addition to this purpose of more thoroughly establishing the gold standard, the plan of the administration is to retire the paper money of the government, to issue gold bonds and to iner, priveleges and profits of national banks.

thoroughly established."

"The retirement of the government paper money must reduce the volume of circulation, and while the secretary admits that the contraction of the currency would be more rainous in two years than interest on a like amount of bonds for 40 years would be, he calmly informs us that the national banks will probably issue sufficient money to prevent this enormous suffering.

"The issue is joined; we cannot avoid it if we would. Either the friends of bimetallism or the advocates of the gold standard, trusts and monopolies must succeed. Who is not for us is against

"We are asking no man to abandon his party or change his politics; we ask no one to yield any principles; but in this great contest, we do appeal to all good men to stand solidly together for liberty and humanity, and strike down forever this conspiracy of gold and monopoly.'

POPULIST ADDRESS.

An Appeal For the Uniting of all Parties Opposed to Gold Standard. The Populist address after arraigning the present administration for following in the footsteps of that of Cleve-

to impart the necessary nervous activity to the various organs of the body. A general and serious break-down follows. A wonderful medicine for weak, nervous women, who through local troubles are women, who through local troubles are threatened with a general break-down is Dr. Pierce's Favorite Prescription. It acts directly on the delicate organs that are distinctly feminine. It restores them to vigor and health. It allays inflammation and soothes pain. It gives the tortured nerves a rest and permits them to resume their natural function of directing a healthy activity of all the organs. It prepares a woman for wifehood and motherhood. It makes baby's advent easy and almost painmakes baby's advent easy and almost painless and insures the child's health. It is the best woman's medicine and more than

90,000 women have said so over their signatures. Druggists nell it. "I cannot say too much for Dr. Pierce's l'avorite Prescription," writes Miss Clara Baird, of
Bridgeport, Montgomery Co., Pa. "I feel it my
duty to say to all women who may be suffering
from any weakness or disease of the distinctly
feminine organism that it is the best medicine on
earth for them to use. I cannot praise it too
highly for the good it did me. If any one doubts
this give them my name and address."

Dr. Pierce's Pleasant Pellets are a sure, safe, speedy and permanent cure for con-stipation. They never gripe. One is a gentle laxative, and two a mild cathastic,

par: "There are but two sides to this mighty and portentious conflict. All of those of whatever party who favor the conspiracy of gold and monopoly, who favor industrial slavery, widespread poverty, and national destruction should be on one side, and all of those of whatever party who oppose this deadly design, who love truth and right, who love their country, who love their homes and firesides, and who believe in the sacred principles declared by Jefferson and reasserted by Jackson and Lin-

Therefore let us appeal to all citizens and to all organizations and parties that oppose this conspiracy that oppose a government of the trusts by the trusts and for the trusts, that oppose and will not submit to the despotism of sordid wealth to come to the

SILVER REPUBLICAN.

Democrats, Populists and Silver Republicans Must Stand Together.

The Silver Republican paper denounces the gold standard and monopoly and says the advocates of the system "need to win but one more victory to become supreme," and then con-

"Honest men should hesitate no longer if opposed to the establishment of the gold standard in all its rigor, if opposed to the retirement of government currency, if opposed to the erec-

tion of a great association of banks of issue as the all-dominating power in the nation, if opposed to every kind of trust and monopoly, the offspring and adjunct of the money power. "While this issue remains unsettled,

Democrats, Populists and Silver Republicans must stand shoulder to shoulder in a common cause. "The policy of our foes is to divide us that they may conquer us. Let not self interest, pride, carelessness or folly af-

ford them hope that we shall furnish arms against ourselves. "The man or organization that in this grave crisis becomes responsible for discordant councils or divided energies does not deserve the blessings we are all striving to preserve."

Senate and House.

Washington, Feb. 16.-The senate yesterday passed Mr. Harris' resolution of inquiry, calling upon the attorney general for information as to why he changed his plans to redeem the first mortgage bonds of the Kansas Pacific and accepted the bid of the reorganization committee, thus losing \$6,000,000 in interest to the government. The senate then went into executive session. Mr. Murray says that Zola appeared more calm than at the beginning of the trial and observed: "Whatever the result may be, we are producing a better effect than we had dared to hope. We owe this to M. Laborie's giant energies. It is the government now forced into the position of a defendant. "If I secure an acquittal we shall march rapidly to a conclusion; but if I am condemned. I believe the affair will

become graver." Count Esterhazy in his conversation with Mr. Murray declared himself the victim of a miserable Jewish complet.

At this time there are a few democrats frank enough to admit that they would like to represent Jackson county in the legislature. A. N. Munden, of Seymour, would like to be the nominee of his party for that honor and says so, but some of his democratic neighbors are against him. They don't question his 16 to 1 democracy, nor his ability to rank with the average democrat who will be in the lower house, but for some reason some active men in his own party are against him. Then George Andy Robertson would like to keep a chair warm in the legislature, and seems a willing subject in the hands of his friends He will be able to divide the vote right here at home with Munden and get his full share. Unhealthy urine from unhealthy kidney; is the chief cause of bladder troubies. So the womb, like the bladder, was created for one purpose, and if not weakness or disease, except in rare cases. It is situated back of and very close to the bladder, therefore any pain, disease or inconvenience manifested in the kidneys, back, bladder or urinary passage is often, by mistake, attributed o female weakness or womb trouble or some sort. The error is easily made and and may be as easily avoided. To find out correctly, set your urine aside fer twenty four hours; a sediment or settling indicates kidney or bladder trouble. The mild and the extraordinary effect of Dr. Kilmer's Swamp Root, the great kidney, and bladder remedy is soon realized. If you need any medicine you should have the best.
